

NURSERY — SUMMER 1 — CREATE

This term our young learners in Reception and Nursery will be embarking on a journey of discovery! We'll be exploring the wonderful **world of plants, celebrating the vibrant festival of Eid, and learning all about different modes of transport**. Get ready for messy fun planting seeds, creating colourful decorations for Eid festivities, and zooming into the world of vehicles. Our adventures will also include a trip to Dalston Curve Garden and exploring the works of famous artist Vincent van Gogh, inspiring us to create our own masterpieces!

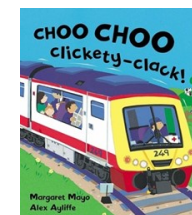

Planting & Growing Part 2

Let's Celebrate (Eid & Holi)

London Transport

Key Words & Questions

seed

What do you think we need to help our seeds grow?

moon

What colours might Muslim people wear for Eid?

bus

How many wheels does a bus have?

roots

If we plant a bean seed, what do you think will grow from it?

celebrate

What colours would you like to use to celebrate Holi?

train

What sound does a train make when it goes on the tracks?

Cultural Capital | Key Experiences

Dalston Curve Garden

Planting Sunflowers

Artist Study—Vincent Van Gogh & Jeannie Petyarre

NURSERY

CURRICULUM LEAFLET

Summer 1

GLOBAL GOAL: 13

13 CLIMATE ACTION

Physical Development

We're shaking our sillies out and learning fun dance routines! This helps us develop coordination, rhythm, and control over our bodies.

Personal, Social &

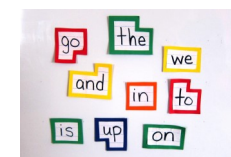

Emotional Development

We're learning to be kind friends, sharing toys and showing we care about others' feelings. We're also building confidence to try new things, even if they feel a little scary at first!

Communication & Language

Stories are our friends!

We're listening attentively, talking about exciting parts, and learning new words to describe what we see and hear.

Literacy

We're running with the Gingerbread Man and learning with funny trains in "Oi Get Off Our Train!" We're practicing writing our names, identifying sounds in words like "cat" and "dog," and developing our speaking skills through stories and chats.

Mathematics

Shapes are everywhere! We're spotting circles, squares, and even tricky 3D shapes like balls. We're learning about money values and playing games to add and subtract numbers up to 20!

Understanding the World

We're getting our hands dirty planting seeds and learning how plants grow! We're also celebrating Eid and discovering exciting ways to get around London, like buses and tubes!

Expressive Arts and Design

Let's explore art! We're learning about artists like Katsushika Hokusai, who painted amazing waves, and Andy Goldsworthy, who uses nature to create art. We'll get creative using colours, shapes, and textures!
